

Job Posting

Rite Track is a unique company serving the high tech semiconductor business from the Midwest. Our customer list reads like a Who's Who of Fortune 500 companies including major semiconductor, military, and aviation giants. We even played a role in putting the first rover on Mars. We are looking for a few outstanding people to help facilitate our growth and better position us for success.

MANUFACTURING TECHNICIAN

Rite Track is looking for full time Manufacturing Technicians responsible for building, testing, repairing, and troubleshooting electro-mechanical assemblies and machines.

RESPONSIBILITIES

- Assists with the manufacturing and testing of electro-mechanical assemblies of beginner, intermediate or advanced complexity
- Accurately follow assembly prints and procedures including electrical and fluid diagrams

REQUIRED

- Good work history and strong work ethic with practical experience and knowledge of comprehensive electro-mechanics
- Ability to meet or exceed quality and cosmetic standards in the following areas:
 - Soldering
 - Wire harnessing & cabling
 - Plumbing and tubing
 - Utilize fixtures, meters, and other test equipment to validate functionality
- Position requires operating a computer terminal, standing for occasional periods of time.
- Willingness to learn and succeed

PREFERRED

- 2 years or more of electro-mechanical experience or equivalent industry experience
- Intermediate or advanced knowledge of track systems and their operations
- Ability to work with Engineering Department to review and sometimes design electrical and fluid diagrams
- Ability to manage time and tasks to meet target dates while meeting or exceeding quality goals
- Willingness to travel up to 20% of time, on short notice
- Ability to assist in:
 - Creation and improvement of manufacturing standards and procedures
 - Quality Inspections
 - Creation of standardized test procedures
- Competency in manufacturing, troubleshooting, and repairing electro-mechanical assemblies
- Leadership ability

EDUCATION

- High School Diploma, Associate Degree (EMET preferred), or equivalent experience.
